Professional Summary

Senior Full Stack Software Engineer with 10+ years of experience designing, developing, and deploying scalable web applications and enterprise systems. Strong expertise in ASP.NET Core, RESTful APIs, SQL Server, and modern frontend frameworks including React and Next.js. Proven technical leader with experience driving Agile teams, owning system architecture, and delivering high-quality solutions aligned with business objectives. Adept at bridging technical and non-technical stakeholders in global, collaborative environments.

Core Technical Skills

Backend Development

- C#, ASP.NET Core, ASP.NET MVC, Web API
- RESTful Services, gRPC, Authentication & Authorization
- LINQ, Dependency Injection, Middleware, Minimal API

Frontend Development

- React.js
- JavaScript (ES6+), HTML5, CSS3
- Client-side API integration

Databases & Data

- Microsoft SQL Server, PostgreSQL
- T-SQL, Database Design, Query Optimization
- Data Modeling

Architecture & Engineering Practices

- Clean Architecture, SOLID Principles
- System Design, Performance Optimization
- Monolithic and Modular Architectures

Tools & Methodologies

- Git, Visual Studio
- Agile / Scrum, CI/CD fundamentals
- REST API Documentation

Leadership & Collaboration

- Team Leadership & Mentorship
 - Stakeholder Communication
 - Technical Documentation
-

Professional Experience

Rohoboth Solution Tech – Addis Ababa, Ethiopia

Senior Software Engineer | Team Lead | General Manager

2022 – Present

- Architected and delivered enterprise-grade full stack applications using ASP.NET Core, React, and SQL Server.
 - Designed and implemented scalable RESTful APIs consumed by web and third-party clients.
 - Led Agile development teams, conducting code reviews, sprint planning, and technical mentoring.
 - Owned end-to-end project delivery including requirements analysis, architecture design, estimation, and deployment.
 - Collaborated directly with clients to translate business needs into technical solutions and product roadmaps.
-

Wolkite University – Ethiopia

Lecturer | Software Developer | Researcher

2014 – 2022

- Taught Software Engineering, Systems Analysis, and Programming courses at undergraduate level.
 - Supervised student software projects covering full SDLC from requirements to implementation.
 - Contributed to institutional digital transformation initiatives and applied research projects.
 - Mentored students and junior developers in software design, coding standards, and problem-solving.
-

Education

Bachelor of Science in Computer Science

Adama Science and Technology University, Ethiopia

Certifications

- Programming Fundamentals – Udacity

Languages

- Amharic: Native
- English: Professional Working Proficiency
- Oromiffa: Native
